

ADVANCE RANGE C640-BT

TYPE	Undercounter warewasher
LINE	ADVANCE RANGE
BASKET	500x600
SIZE	585x715x865h

The dishwashers of the **ADVANCE line** with **Break Tank** guarantee maximum performance thanks to the **Acquatech System installed as standard** that, through an atmospheric boiler and a rinsing pump, keeps constant temperature and pressure and optimal water consumption.

The **C640-BT** model is the right solution for restaurateurs who need to wash a large number of plates (max. 22/basket), trays and bakery trays while having limited space at their disposal, with the guarantee of a maximum throughput of 40 baskets/hour (880 plates/hour). Thanks to the dedicated basket, it is in fact possible to **wash GN 1/1 trays up to 65 mm high**, crates and 600x400 pastry trays while maintaining the measurements of a convenient undercounter dishwasher. Thanks to the powerful wash pump and the Ø30mm washing impellers, removing the most stubborn dirt will not be your problem. The optional drain pump allows you to manage the drainage automatically and to perform a partial fresh water change at each wash cycle.

The **ADVANCE panel** is the real trump card of the line thanks to its 4 washing cycles and an automatic drain cycle (with drain pump installed). On the control panel you can easily view the tank and boiler temperature, the messages of the **self-diagnosis system**, the **Scheduled Maintenance warning** and the **intelligent Start button**, which changes colour to always show the status of the dishwasher with great simplicity. The simple and extremely effective electronic board gives you the possibility to set and control the rinse and discharge times, the wash and rinse temperatures and the relevant Thermostops, which are essential to guarantee an excellent washing result.

The body is made entirely of **AISI 304 steel** and is designed with all components at the front for **easy servicing by the technician**. Sturdy and reliable dishwashers to **best deal with every moment of your day**.

DISHWASHERS FEATURES	ADVANCE RANGE C640-BT
